

STATEMENT OF LEGAL RESIDENCE

All entering year students are required to file a Statement of Legal Residence (SLR) with the University Registrar's Office. This requirement applies to all students, California residents, non-residents and foreign.

You will receive e-mail from the Registrar's Office with instructions for submitting the on-line Statement of Legal Residence at their website www.reg.uci.edu. This notice will be sent to the e-mail address you supplied on your application for admission to UC Irvine.

You must file your Statement of Legal Residence before you can register (enroll in classes and pay tuition and fees) for fall classes.

It is in your best interest to submit your SLR as early as possible, well before the fall registration deadline, to avoid complications and penalty charges associated with late registration. Fall 2017 on-line registration for graduate students will open in July.

Questions about residency should be submitted to the Residence Deputy at res-dep@uci.edu or 949-824-6124.
