

## STATEMENT OF LEGAL RESIDENCE

All entering year students are required to file an on-line Statement of Legal Residence (SLR) with the University Registrar's Office. This requirement applies to all students, California residents, non-residents and foreign.

Instructions for filing your Statement of Legal Residence are here:

<https://www.reg.uci.edu/stlr/Welcome.do>

You must file your Statement of Legal Residence before you can register (enroll in classes and pay tuition and fees) for fall classes.

It is in your best interest to submit your SLR as early as possible following admission acceptance—well before the fall registration deadline—to avoid complications and penalty charges associated with late registration. Fall 2021 online registration for graduate students will open in July.

Questions about residency status should be submitted to the Residence Deputy at [regres@uci.edu](mailto:regres@uci.edu) or 949-824-6124.
